ADAMAS
SCHOOL OF HOMEOPATHY
LEARN • HEAL • INSPIRE

Exceptional Homeopathic Education and Training. Our mission is simple: Cultivate the next generation of homeopaths!

Track A: Start in September with live, interactive, online classes. Learn alongside fellow classmates and participate with instructors. Classes are held online once a month commencing from September through June.

Track B: Start anytime and work at your own pace. Learn from up-to-date classroom recordings while on your own schedule. Students will have 12 months to complete the 10-month course work. Designed for flexibility and highly disciplined and motivated students.

Global Classroom: We offer a unique opportunity for students all around the world by broadcasting live, interactive classes.

Mission: To train and educate professional homeopathic practitioners to profoundly restore and raise the health of the general population.

Vision: The school is deeply committed to high academic excellence, providing study in both cutting-edge and traditional Homeopathic philosophy.

STUDY HOMEOPATHY, AND LEARN TO MAKE INDEPENDENT HEALTH CHOICES FOR YOU AND YOUR FAMILY

Art and Science of Homeopathy

Homeopathy is a unique system of medicine that addresses a person's individual disposition through spiritual, mental, emotional, and physical attributes. Homeopaths heal by utilizing small doses of natural substances in order to stimulate the body's ability to restore itself. They choose their remedies through the Law of Similar, which states that a substance which produces symptoms in a healthy person will produce those same symptoms in an unhealthy person.

"The cure of the part should not be attempted without treatment of the whole." - Plato

Superior Versatility

Homeopathy is utilized to treat both acute and chronic illness. In acute cases, such as fevers, a homeopathic remedy will help guide the body to restorative health. When the body has attempted unsuccessfully to heal itself, a person may have symptoms for several months or longer. A weakened immune response is then unable to heal deep-seated disease, and a chronic condition can develop. Homeopathy addresses these chronic conditions and aims to heal on the deepest level.

"The highest ideal of a cure is rapid, gentle, and permanent restoration of health; the removal and annihilation of the disease in its whole extent, in the shortest, most reliable and most harmless way, on clearly comprehensible principles." - Samuel Hahnemann

CURRICULUM OUTLINE

First Year – Foundation of Homeopathy

- Philosophy and Principles of Homeopathy
- Homeopathic Fundamentals
- Basics of Health and Disease
- Homeopathic History
- Taking a Homeopathic Case
- Comparing Integrative, Alternative, supportive and Allopathic Medicine
- First Aid Homeopathic Remedies
- Acute Homeopathic Remedies
- Introduction to Chronic Treatment
- Observing Clinical Cases
- Vital Force and Health
- Repertory Language and Rubrics

Year 1 introduces the basics of homeopathic history, philosophy, and application. Using the Principles of Homeopathy, students explore the nature of disease and its cure. They begin to work with the practical application of homeopathy, using remedies and witnessing cured cases. In total, 45 Homeopathic remedies are covered in detail, including first aid, acute, and chronic remedies.

Second Year – Deepening your Understanding and Mastery of Homeopathy

- Deeper study of the Principles of Homeopathy
- Homeopathic Pharmacology
- Case Taking and Analysis
- Clinical Case Observation
- Potency - Psology
- Internship – Vigorous case study with many live cases
- Mentorship Program – taking your own cases with the guidance of a mentor
- Remedy Families and their Kingdoms
- Chronic Disease Remedies
- Introduction to Evaluating Follow Ups
- Discussion of Various Clinical Approaches
- Doctrine of Signatures
- Proving's

Year 2 deepens and extends first year studies with a more rigorous emphasis on treatment and understanding of complex chronic diseases. These studies include the practical philosophy behind Homeopathy, as well as a thorough knowledge of Homeopathic remedies used in chronic cases. Intensive exposure to clinical cases will enhance the learning process in our live clinic setting. 46 homeopathic remedies are covered in detail through families and kingdoms.

Third Year – Strengthening your Clinical Abilities

- Case studies
- Remedy Groupings and Original Sources
- Advanced Clinical Work
- Case Management
- Evaluation of Follow-ups
- Introduction to Practice Management
- Evolution of Spirituality within Healing
- Internship – vigorous case study with many live cases
- Mentorship program taking your own cases with the guidance of a mentor
- The Three Kingdoms
- Integrating Traditional & New Homeopathic Approaches

In the 3rd year, focus is on clinical study and preparation for establishing your own practice. Through exposure to live cases, you will gain direct experience to professional practice Homeopathy. Student clinics provide direct experience working with clients under supervision and students also have individual mentoring with their own cases. 47 homeopathic remedies are covered in detail through families and kingdoms.

MENTORSHIP & INTERNSHIP

Mentorship

- Tools to build a practice
- Establishing and managing a successful practice
- The business side of a practice
- Clinical advancement
- Case handling
- Dealing with difficult cases
- Assistance in establishing your practice
- Personal mentoring
- Personal case supervision
- Personal guidance in your practice

Mentorship focuses on your transition from student to Homeopathic practitioner. You will be taking cases and discussing them with your mentor before making final remedy suggestions. This one-on-one support encourages and develops your confidence as a practicing Homeopath. Mentors are professional Homeopaths with many years of practice and experience. Mentoring starts in your 2nd year and continues throughout your 3rd year. You will complete 20 months of mentorship.

Internship

- Monthly live clinic
- Student interns supervised in a live clinical setting
- Student observers view live cases
- All students are under the guidance of the clinical supervisor
- Discussion of each case before and after
- How to take an initial consult
- How to take a follow-up
- Discussion of difficulties in case taking

The Adamas School of Homeopathy is dedicated to teaching students to become professional homeopaths. Our clinic is an integral part of this effort, allowing student interns to interview clients with the Clinic Supervisor while the other interns observe the case-taking. Cases are discussed as a group, and the remedy is chosen after careful research under the guidance of the Clinic Supervisor. Student intern homeopaths are required to complete 340 hours in the 2nd and 3rd years at the Internship Clinic under the supervision of a professional homeopath.

Mentors: All our mentors are practitioners of homeopathy and members of the professional industry in the field of homeopathy. The mentors bring a wealth of experience and knowledge to the students.

Supervisors: All our clinic supervisors are practicing homeopaths. They have a passion to help our student interns take cases in our live online clinic.

Tired of being sick and not being able to help yourself or others safely and naturally?

Is this the change you have been looking for to make a significant impact in your community?

ENROLLMENT & ABOUT US

Once you have received all school information, which will include:

- Registration form
- Application form
- List of three-year fees
- 1st Year Booklist
- Three-year outline (this document)

The Adamas enrollment coordinator will contact you by email or phone to discuss the course. Once you have read all the school information, you can discuss any concerns and/or questions.

- You will need to fill out the registration, application, and admissions financial readiness forms. Upon completion of these forms, please scan and email them back to us, including the nonrefundable registration fee.
- You must be at least 18 years of age, have a high school diploma or GED, and have an open mind and desire to make a difference in your community. Access to a computer & internet will be required.
- When the school has received your forms, the Adamas Enrollment Coordinator will contact you.
- Admissions interview: to ensure we have answered all questions you may have about the school or the program. This process also involves a discussion of tuition, expectations, and how best to manage your studies.
- After committing to the course, payment of the tuition fee is due. Please see the registration form and admissions financial readiness form. You will be notified of acceptance by mail.

Attendance and Completion

For three years, a total of 1800+ hours without electives. Students must complete the requirements for the current year before continuing to the next year. A diploma earning you the designation D. Hom. is awarded after the third year upon satisfactory completion of the program including all coursework, Mentorship, and Clinical Internship. To graduate, each student will be required to demonstrate a high level of competency in practicing homeopathy.

Founders

In 2003, Louis Klein and Avghi Constantinides co-founded the ADAMAS School of Homeopathy. Together, they have a combined 75 years of clinical experience and are dedicated to training skilled homeopaths to carry on the tradition of homeopathy. They created the school to support the growing need for great, reliable Homeopathic education, and have committed themselves to advancing the art and science of Homeopathy. Since the school's inception, they have provided quality education to students across the United States and around the world, with their unique blend of small classes, progressive Homeopathic training, and committed teachers that raise the standard of excellence.

Faculty

- Avghi Constantinides, D.Hom, HMC, MA, Director
- Kate Volpe Specker, D.Hom, CCH
- Gabrielle Traub, M.Tech (Hom), HD, CCH
- Rucha Bhave, MD
- Monika Bruckner, D.Hom
- Jo Daly, CCH
- Je Norbu Huenecke, D.Hom
- Monique Mamikunian, D.Hom
- John Ourant, HMC
- Bara Waters, M.Hom, MSW, BA
- LaToya Smith, D.Hom
- Whittni Grubaugh, DI Hom, CCH
- Frank Molignano, CCH, RSHom

Guest Faculty

- Louis Klein, FS Hom
- Christina Chambreau, DVM
- Miranda Castro, RS Hom
- Jonathan Hardy, MD
- Farokh Masters, MD
- Jonathan Shore, MD
- Richard Pitt, RS Hom
- Michal Yakir
- Tarkeshwar Jain, M.D. (Hom)
- Pat Deacon, HMC
- Massimo Mangialavori, MD
- Roger Morrison, MD
- John Melnychuk, CCH

Patrons of the School

Louis Klein | Farokh Masters | Jonathan Shore | Richard Pitt
Roger Morrison | Miranda Castro | Tarkeshwar Jain

Faculty: The school is privileged to have a wide variety of highly educated and skilled faculty members who are all committed to the same principles as the founders. Educational development is of paramount importance to the school. Faculty members are highly encouraged to deepen their skills by attending international and local seminars and pursuing continuing education.
